Filed June 5, 2007, with a requested effective date of July 6, 2007. **Approved**

LEGAL DIVISION

DOCKET 26797;25406 (G) – Pursuant to unanimous vote at the Commission's May 1, 2007, meeting, the request of Otelco Telecommunications, LLC ("Otelco") to expand its existing Certificate of Public Convenience and Necessity authorizing the provision of telephone toll resale service to also include authority to provide competitive local exchange telecommunications service in Alabama

was granted. That grant was; however, subject to the requirement that Otelco waive its right to assert the provisions of 47 USC §251(f)(1)(A)-(C) (the “Rural ILEC Exemption Provision”). Shortly after the May 1, 2007, vote, it was correctly noted by counsel for Otelco that Otelco holds its own certification separate and apart from Otelco Telephone, LLC, the rural ILEC which actually has the 47 USC §251(f)(1)(A)-(C) rural exemption.

Recommend: Vacate previous vote and grant the Petition of Otelco Telecommunications, LLC for expanded certificate without conditions.

DOCKET 30292(G) – Proceeding instituted against carriers who failed to timely pay their inspection and supervision fees. Several carriers who were previously revoked due to their failure to timely pay their inspection and supervision fees have now paid such fees and seek reinstatement.

Recommend: Reinstate all previously revoked carriers who have petitioned for reinstatement and paid their inspection and supervision fees subject to the imposition and payment of a \$100 penalty.
